Forecast For East of England
Issued by Met Office Exeter
at 0400 on Thursday 09 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry and bright today. Rain arriving later.

Today:
Early showers should soon clear to leave a largely dry and bright day, with some sunny spells. Breezy and feeling cold. However, cloud will be increasing from the west later in the day, with rain reaching the west by evening. Maximum temperature 6 deg C (43 deg F).

Tonight:
Cloud and outbreaks of rain will move eastwards across all parts during the evening, before clearing into the North Sea during the early hours. Becoming drier with clearer skies following. Minimum temperature 2 deg C (36 deg F).

Friday:
A cold start with a local air frost in places. Otherwise, it will be a largely dry and bright day, with sunny spells. Breezy and feeling cold. Maximum temperature 6 deg C (43 deg F).

Outlook for Saturday to Monday:
A frosty start on Saturday, before wet and windy weather sweeps eastwards. Cloudy with outbreaks of rain and drizzle on Sunday. Breezy and mild. Further wet weather likely on Monday.
